

Hydraulic Press Brakes

STANDARD FEATURES

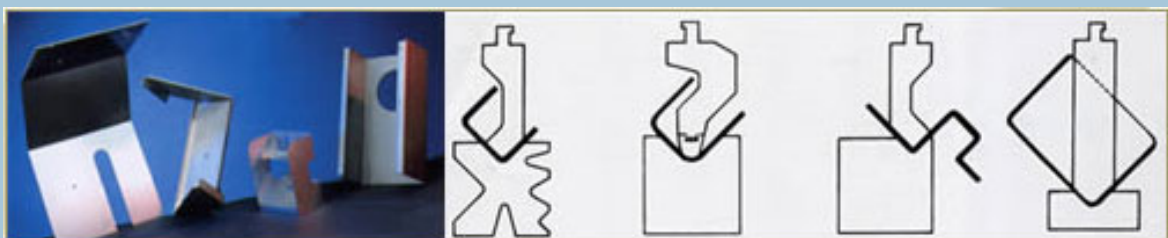

Steel welded frame
Hydraulic system Bosch / Rexroth
Electrical parts Siemens / Telemecanique
Two hand control Start Button
Emergency Stop Button
Induction hardened and chrome plated column rods
Two speed piston for moving plate at fast approach speed
Automatic / Manual

OPTIONAL FEATURES

Light curtain for safety
Conformity to the EC Directives (CE)
NC control

MODEL			CMT-AP30
Capacity		kN	300
Bending Length	A	mm	1260
Machine Width	B	mm	1310
Working Stroke	C	mm	150
Throat Depth	D	mm	500
Bottom Table Height	F	mm	765
Height	G	mm	1985
Approach Speed		mm/s	33
Working Speed		mm/s	8
Operating System			Otomatik/Manual
Hydraulic Piston Stopper			Ayarlanabilir
NC Control			Optional

4 Columns Single & Double Action Hydraulic Presse

STANDARD FEATURES

- Steel welded frame
- Hydraulic system Bosch / Rexroth
- Electrical parts Siemens / Telemecanique
- Two hand control Start Button
- Emergency Stop Button
- Induction hardened and chrome plated column rods
- Two speed piston for moving plate at fast approach speed
- Automatic / Manual

OPTIONAL FEATURES

- Light curtain for safety
- Conformity to the EC Directives (CE)
- NC control
